

QUALITY STATEMENT

Lea Manufacturing is a business that manufactures and supplies polishing compounds, buffs and ancillary equipment for mechanical polishing.

It is our policy to meet the requirements of our customers in every respect, and to that end we employ a quality management system designed to the ISO9001:2015 standard.

Our quality management system provides a framework for the setting of objectives for quality and the monitoring of our performance against them for the purposes of continual improvement.

Top Management ensure that the quality management system, including this quality policy and the quality objectives, is reviewed periodically and is understood and communicated throughout the organisation.
